

Enterprise Healthcare and Insurance Workforce Development & Clinical Learning Transformation

EXECUTIVE SUMMARY

MULTIPLE PROJECTS – HEALTHCARE AND INSURANCE COMPANIES

Led the design and implementation of enterprise learning, workforce development, and performance improvement initiatives across multiple healthcare organizations supporting home medical equipment, healthcare technology, and health insurance operations - **Rotech Healthcare, Dynamic Healthcare, Cigna, Humana, and Centene.**

Partnered with executive leadership, compliance teams, operations, Human Resources, Information Technology, and subject matter experts to build scalable learning programs that strengthened workforce capability, standardized onboarding, improved regulatory compliance, and enhanced operational performance.

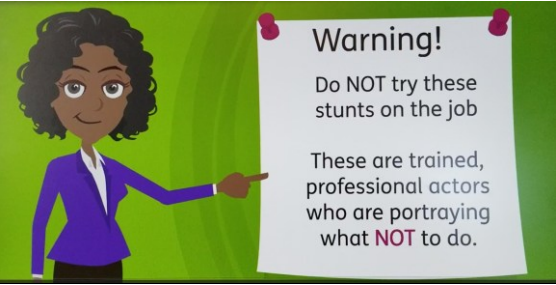

Initiatives included enterprise orientation programs, compliance education, leadership development, train-the-trainer programs, learning repositories, performance support tools, certification programs, coaching resources, and workforce analytics that supported more than 5,000 employees across over 500 national locations.

SEER FRAMEWORK

3 minute video snapshot. Throughout my career, I've combined visionary thinking with practical execution to help organizations prepare for the future. By anticipating workforce needs, leveraging emerging technologies, and designing scalable learning ecosystems, I align workforce development with business strategy.

This philosophy inspired me to create the **SEER Framework...** a business-focused methodology built on **Strategy, Execution, Enablement, and Results.** SEER transforms business objectives into workforce capability, equips employees with the knowledge and support to succeed, and measures business impact.

SEER PHASE	DETAILS
STRATEGIC	Decide plans by defining the future. Developed workforce strategies focused on preparing a compliant, capable, and customer-centered healthcare workforce through standardized onboarding, leadership development, performance improvement, and continuous learning. Strategic Activities • Compliance strategy • Evaluation and metrics strategy • Knowledge management strategy • Leadership development strategy • Learning strategy • Performance improvement strategy • Technology adoption strategy
EXECUTION	Design workforce using tactics. (Knowledge, Skills, Attitude, Behavior) Designed competency-based learning solutions for healthcare operations, leadership, compliance, customer service, and workforce performance. Knowledge • Corporate compliance • Healthcare regulations • Healthcare technologies • Leadership best practices • Operational workflows • Proprietary applications • Safety procedures Skills • Clinical system support • Coaching

SEER PHASE	DETAILS	
ENABLEMENT (continued)	- Leadership development programs - Learning modules Knowledge management assets password: HireIngrid! - Phrase Playbook Planner - Post-training surveys Rotech University online repository with password: HireIngrid! - Safety training - Trainer coaching - Train-the-Trainer program Video Production Guide password: HireIngrid!	Certification’s post-go-live addendum was created. This tactic allowed the bulk of the certification to be released a month early and when Medicare gave subsequent guidance, the critical info was compiled and released shortly before the annual enrollment program started.  
	Must See! Podcast describing Humana’s recert project 	STARS framework (Single case; Total fax; Appeal is valid; Recognize case type; and Substantiate info) to remember the process; materials included a series of animated videos with learning journal activities and case scenarios with redacted patient docs – to simulate real world tasks. Also included a customized PATH framework for problem solving (Pull info together, Apply the info, Threat considerations, Hunt for alternatives)  
RESULTS	Evaluate data to measure business impact. Workforce capability was continuously evaluated through executive performance dashboards, post-orientation surveys, operational trend analysis, workers' compensation data, Help Desk trends, and ongoing collaboration with executive leadership. Learning resources were expanded through a centralized enterprise learning repository supporting more than 5,000 employees across over 500 national locations, while orientation	Motivational Interviewing metrics
